

**Port System Authority Western Ligurian Sea Genoa
Ordinance
N.7 2021**

**PSA – Genova Prà
ATTENTION**

- Access to port areas for loading and unloading goods is allowed only by vehicles whose driver is equipped with a valid AdSP badge
- The road haulage company is required to transmit The Journey (arrival notice), through PCS E-port, before the arrival of the vehicle to the port areas
- Journey must contain all the operations provided for by the vehicle (deliveries and withdrawals)
- The driver is required to inquire about the presence of his trips and to follow the new access rules:
 - **Apply for access to the PSA Freight Office via the terminal App**
 - **Go directly to the CSP counter**
 - **Wait for feedback from the CSP counter**
 - **If positive, hand over the documents (where necessary)**
 - **Go to the Totem and use the Print Interchange function**
 - **Once the Interchange is printed, go straight to the Gate**

The new procedure can be used for trips of only Full Import/ Export
(Excluding Imo, Void, Reefer, Break-Bulk)

All events are also tracked for compliance with the ordinance by all actors.
If the trip is not present or the outcome of the request for entry to the terminal
is negative, the current procedure remains unchanged
